- **Integration with different devices like smart card, RFID, Biometrics, Bar Code, Mobile SMS etc.**
 - **Web reporting**
 - **Medical details of students**

Solutions

Admission Process

Admission module is a convenient and a time saving provision to handle and track student registrations, results for written/oral tests and interviews, student results and fee receipts and issue merit list. Various types of reports are available to represent the information generated.

Student Management

Manages complete student portfolio maintaining student's personal details, professional and history data regarding a student, his/her parents, and his/her siblings, progress through years, attendance register, online curriculum, grades etc.

Fee management

Manages you to maintain registers of fee receipts and outstanding amounts on a student/class basis. The fee module has a configurable structure for fines, and its calculations thereof. This module also provisions for fee waivers and optional fees and provide complete analysis with outstanding amounts.

Examination

This module helps teachers to define, create examination templates and get them approved through the Head of Departments. System allows to setup formula for calculating each examination weightage/percentage and published results online.

Employee Management

Manages the complete life cycle of employee from Recruitment to Separation.

Transport

Helps administration to create different routes based on number of students and staff. Helps defining own transport fare, Adhoc expenses & manage billing.

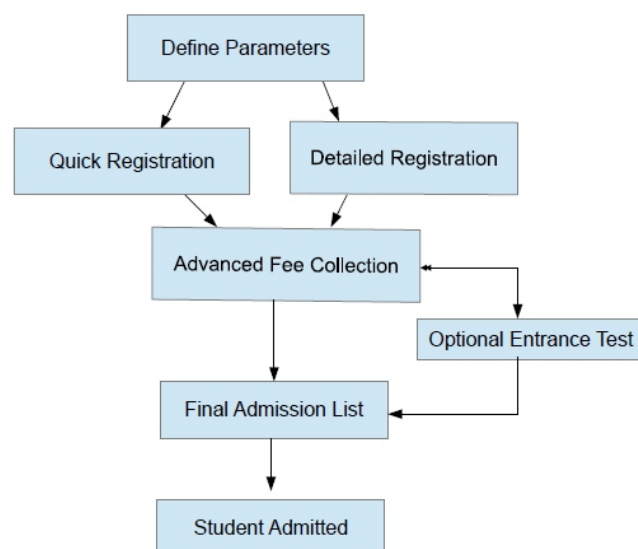

Curriculum

Modules helps to define unit master, lesson plans, assign, extension and submission of assignments and projects for each class and you keep track through curriculum logs.

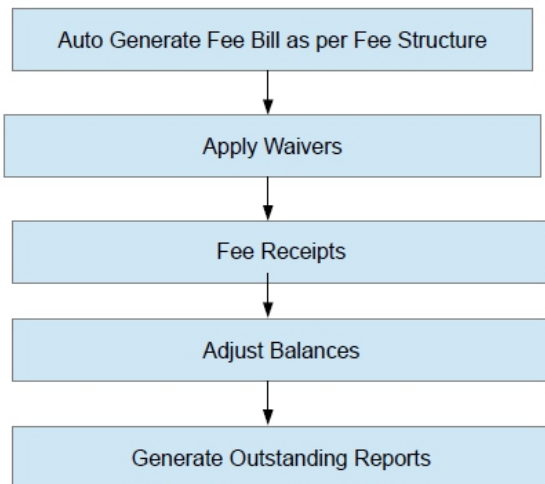

Time Table

The timetable module has been designed to simplify the most time consuming task in a school, the creation of a timetable. The timetable module features dynamic generation of class/teacher timetables and provisions for a teacher substitution list for absent teachers, a list of teachers teaching a particular subject for a class/all classes, and a list of all class teachers. The information is also presented in various report formats.

Admission Process

Fee Management

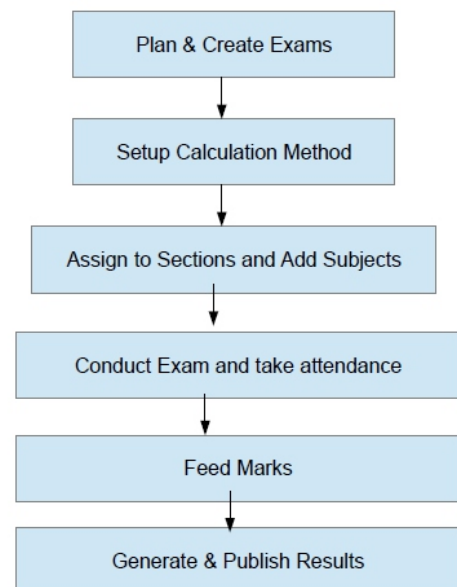

Educational Institution Management

- ▶ Student Personal Profile Maintenance with professional and historical data.
- ▶ Parents Profile with Guardian Information
- ▶ Siblings Profile
- ▶ Academic Progress through years
- ▶ History of Attendance
